

Keen to still do a class during this current climate ? We have a deal for you.

We are offering ONE on ONE classes across 6 of our most popular classes.

Classes are \$149 and you can Pick the Class, Pick the Date and Pick the time (subject to availability). You will do the class just yourself and a teacher - you will have them all to yourself.

If you would like to bring a friend / family member (minimum age 12 years old) - we will give you both 10% discount off the class. For your safety and that of our customers - no more than 2 students can attend the class.

Classes cannot unfortunately be booked online - To Book - simply pick a class, a date and time and phone your local store to book in. As demand and thus availability may limit your first date and time - please have a couple of alternate times and dates so we can accomodate you. We look forward to welcoming you to / back one of our classes.
